PHASE A—OBSCURATION PHASE.

The conditions to be observed during the phase shall be as follows :—

I. *Street lights and public lights.*—All public lighting shall be reduced to a minimum compatible with public safety, the satisfaction of an officer appointed by the District Magistrate, Chingleput, in this behalf.

(1) The light thrown on the ground by any street or public light shall not be of greater intensity than 0·2 foot candles which is the maximum light given by a 60 watt lamp without any reflector at a height of 16 feet from the ground. (This can be demonstrated if necessary.)

(2) No direct ray from a street lamp shall be emitted except at a downward angle.

(3) Where street lights are adjacent to white-washed or light coloured buildings, these shall be screened from all direct rays from the light source. If this is not possible, the wall or structure must be made dark or the light source extinguished (municipality to pay for such alteration).

(iii) The aperture through which the light is emitted from side lamps shall be partially obscured by inserting on or behind the glass of the lamp either paper or some translucent material having a density equal to two sheets of kraft brown paper or by applying a fine coat of paint to the interior of the lamp glass in such a way that the same degree of obscuration is effected. The paper, paint, or other material shall all cover the whole of that portion of the lamp glass (1 inch in diameter) through which light can pass and shall not be wetted, oiled, varnished or treated in any way so as to increase its transparency.

When the vehicle is standing on a level road the head lamp beam must be cut-off in such a manner that no beam of light is cast above the horizontal.

Whether the headlamp beam does or does not rise above the horizontal can be checked by observation when the vehicle is standing on a level road about 20 feet from a wall.

(iii) For vehicles which have frequently to be used both inside and outside areas where these lighting restrictions are in force the following alternative type of mask will be permitted:—

This aperture shall be partially obscured to reduce the illumination to that of a side lamp, that is, of a 7 watt bulb seen through two thicknesses of kraft brown paper. This aperture shall be situated midway between the top and the centre of the lamp.

Permission to use this or other distinguishing mark shall be granted by the Fortress Commander in the case of Military vehicles and by the A.R.P. Controller in the case of other vehicles.

VACANCIES.

Admission to the Prince of Wales's Royal Indian Military College, Dehra Dun.

In connexion with the admission of candidates to the Prince of Wales's Royal Indian Military College, Dehra Dun, the following information is published for the use of intending candidates:—

(1) The college provides a public school education on English lines for Indian and Anglo-Indian youths who desire subsequently to enter a cadet college with a view to obtaining commissions in the Indian Land Forces, the Indian Air Force or the Royal Indian Navy, and making one of those services their profession in life. The course of study at the college will, however, be such that, should a boy fail in the competitive examination for admission to a cadet college or for entry in the Royal Indian Navy, he will be in as favourable a position for entry to a university as if he had been educated at an ordinary school.

(2) Candidates will be selected from unmarried Indian and Anglo-Indian boys of—

(a) Provinces of British India,

(b) Indian States.

(3) Candidates must have attained the age of eleven years and be under twelve years on the 1st August 1942.

(4) Candidates should attach to their applications a medical certificate from the Officer Commanding a British or Indian Station Hospital or a Civil Surgeon to the effect that they are physically fit in all respects in accordance with Appendix A to the notification.

(5) The fees of students are Rs. 1,500 per each school year. This is a privileged rate and is liable to enhancement hereafter, if circumstances require. Any enhancement of fees that may hereafter be decided upon will, however, be applied to new

entrance only. These fees will include tuition, messing, school servants and medical attendance of the ordinary kind and, as initial provision, one suit of the uniform to be worn by students when at the college. Charges on account of washing of cadets' clothing and mending their clothing, boots and shoes, as well as the cost of books and stationery (which will be supplied by the college) over and above the Government grant for this purpose will be met by the parents or guardians of the cadets.

In addition to the fees referred to above, the parent or guardian of a cadet will be required to deposit with the college authorities, on his entering the college, the sum of Rs. 50 which will be returned when the cadet finally leaves the college provided that all dues have been paid.

Should it be necessary for cadets to be admitted into a hospital (other than the college hospital), or to provide additional nursing sisters for the treatment of cadets in the college hospital, all charges incurred will be borne by the parents or guardians of the cadets.

A full term's notice is required to be given of intention to withdraw a cadet from the college. In the event of such notice not being given, the parent or guardian will be required to pay one full term's fees in lieu, unless it is considered that the circumstances in which the cadet was withdrawn are such as to call for special consideration (in this point final decision will rest with the Government of India). In cases where notice of withdrawal is given on the first half of the term preceding the term from which the cadet is to be withdrawn, the recovery of a full term's fees in lieu may be waived at the discretion of the Government of India.

(6) Remission of fees will be granted in August each year to the sons of Indian Officers or sons who have served in the regular army, where the services and financial circumstances of the father warrant it. Such remissions are limited to Rs. 500 per annum to any one cadet and are granted for a year at a time, after which they are reviewed.

(7) A scholarship of the value of Rs. 1,165 will be available during 1943–44 and will be granted in accordance with the rules issued in G.O. No. 1038, Public (Political), dated 22nd May 1940. (No scholarship will be available for 1942–43.)

(8) Parents or guardians of candidates for admission to the college, at the time of the submission of the applications, will furnish signed declarations (in duplicate) in the following form —

"I, ... father / guardian of .....
a candidate for admission to the Prince of Wales's Royal Indian Military College, Dehra Dun, declare that it is my desire that my son / ward should make the Indian Army, Air Force or Royal Indian Navy his profession in life.

I declare also that—

(a) if my son / ward withdraws from the Prince of Wales's Royal Indian Military College before appearing at an examination for admission to the Indian Military Academy, the Royal Air Force College, Cranwell, or the Royal Indian Navy,

or

(b) if, having been declared successful at one of the examinations mentioned at (a) above, does not proceed to one of the institutions with the intention of adopting the Indian Army, Indian Air Force or Royal Indian Navy as his profession, *for reasons within his control or mine* (on which points final decision will rest with the Government of India), I shall be required to pay the full cost (Rs. 8,200 per annum) which Government may have incurred on his education at the Prince of Wales's Royal Indian Military College.

I declare also that my son / ward is unmarried and that he will remain a bachelor whilst at the college and until he has completed, subsequently, a course at the Indian Military Academy, Royal Air Force College, Cranwell, or for admission to the Royal Indian Navy.
